SCHOOL OF EDUCATION
AND TEACHER TRAINING

To whom it may concern:

Miss Treadwell, who is applying to you for a position as teacher, has asked me to write you a statement in regard to her qualifications.

Miss Treadwell has superior ability and has made a good record in scholarship as a student here. She carries responsibility well and presents subject matter to a group in an effective manner.

She is very attractive in appearance and manner and is cooperative in attitude. She is somewhat timid, but because of many other superior qualities I think she will make a good teacher.

Very sincerely yours,

Euri Belle Bolton
